

# Welcome to IUJ and UMEX

**UMEX holds about 50 members and is supported by students, housewives, local government officials, businessmen and self-employed workers: and encompasses members from the early 20s to 80s of age. This wide diversity underpins various activities undertaken by UMEX, allowing international students to attain well-balanced understanding of the Japanese culture and society**

## What is UMEX?

UONUMA Association for Multicultural Exchange (called UMEX) was set up in May 2002 by the local people and IUJ staff to foster multicultural interaction, support foreign residents and enhance Japanese people's awareness of foreign cultures. Furthermore, UMEX through its various activities in association with the local people helps IUJ students experience "Japan" and thus enrich their knowledge about Japanese people, their culture and social life.

Though IUJ is located in Japan as lots of students say they cannot "feel" real Japan here. It is the result of huge cultural diversity of coming students and the fact that common language of IUJ is English. Before UMEX was established lots of students left IUJ without experiencing what is the tea ceremony, ikebana or kimono.

UMEX in short acts as a cultural bridge between the international students of IUJ and the local community of UONUMA.

## UMEX salon in SD 3

Members gather once a week in the UMEX salon located at the IUJ Student Dormitory No. 3, first floor. The salon is open every Saturday, from 13:00 - 15:00 respectively.

The UMEX salon is a place where everyone could meet and talk on a continuous and regular basis to foster interactions. It is an excellent gateway for IUJ students and their families to get to know local people and community.

Conversations held at the UMEX salon are often reflected to a variety of activities, including a bus trip, rice harvesting tour, mountain climbing, wild vegetable cooking as well as presentation by international students or Japanese students of their traditional culture, lessons for Kado (flower arrangement), Sado (tea ceremony) or calligraphy.

## Introducing UMEX activities

### How to join us? Just step in the UMEX salon!

### Kids & Baby Salon

The kids salon will be held once a month at the UMEX salon, Cafe No Problem or Tatami-room in MSA.

Mothers and children get together and have fun. Please come and join us with your kids.

### Japanese Language Program

The UMEX offers Japanese tutor program which is a one-on-one conversation partner style. The purpose of our program is to ease communication difficulties of non-Japanese residents by teaching Japanese and also to help make their life here easier and much more comfortable. The service is free of charge.

It goes without saying that the Japanese language is already part of the IUJ official curriculum, but those who are weak in English or those who cannot find an appropriate level of a class might not be able to take it as part of the official curriculum. UMEX serves as a plaza for those students as well as their families and other foreigners living in the community to learn Japanese.

### Greetings from Alumni

Relationships between IUJ students and UMEX continue even after the graduation. UONUMA will be your second hometown.

Dear UMEX members:

Thank you very much to UMEX for always making IUJ students' life better due to many interesting events. UMEX creates more cultural experiences for us who come from different countries. Furthermore, we can truly learn Japanese cultures by UMEX's members supporting. For this special occasion, I wish UMEX will continue to engage between local people and IUJ students in order to strengthen our area and make it more attractive. Even I graduated from IUJ already but I still follow what happens in Uonuma.
